

Females in the ARNG

GX Magazine wants to address the National Guard Bureau's desire to recruit females into the ARNG. In order to understand the nature of the subject they are reaching out to females who are currently serving. I put together some questions and am asking some successful NG females to answer them and I will share them with GX. I appreciate your contribution and encourage you to answer the questions candidly to provide a clear picture.

Please complete and return to me NLT 17 OCT 14. I encourage you to share it with other successful females serving and leading in the ARNG around the country. The more information we can gather the more complete our contribution will be.

Return complete forms to Holly@hollypt.com, Subject Line: FEMALES IN THE ARNG.
Thanks!
